

E-Commerce Wireframe Design

Project Overview

For the final project, learners will apply the concepts discussed in this course by **designing a complete wireframe for an e-commerce website**. The wireframe should visually represent the **structure, layout, navigation, and functionality** of the system without requiring full implementation or coding.

The goal is to demonstrate **planning, usability, and interface design skills** rather than technical deployment.

Group Specifications

- Each group must consist of **three (3) to five (5) members**.
- All members must be **enrolled in the same section**.
- **All group members must be present** during the final project presentation.
- Each member must actively contribute and be prepared to explain parts of the wireframe.

Wireframe Requirements

Each group must create a wireframe that includes the following **e-commerce components and pages**:

1. Storefront (Home Page)

- Logo and branding placement
- Navigation menu
- Featured products or promotions
- Search functionality

2. Product Catalog

- Product categories
- Product listing layout (image, name, price)
- Filtering and sorting options

3. Product Details Page

- Product images
- Description and specifications
- Price and availability
- Add-to-cart button

4. Shopping Cart

- List of selected items □ Quantity adjustment
- Subtotal and total computation
- Proceed to checkout option

A screenshot of a web browser showing a checkout page for a store named 'REVAMP'. The page is titled 'CHECKOUT' and contains three main sections: 'CONTACT INFORMATION', 'SHIPPING INFORMATION', and 'PAYMENT METHOD'. The 'CONTACT INFORMATION' section has fields for Email Address, Full Name, Address, City, and Phone Number. The 'SHIPPING INFORMATION' section has a 'Full Name' field. The 'PAYMENT METHOD' section has two radio buttons: 'Cash' (selected) and 'Cash on Delivery'. A 'PLACE ORDER' button is at the bottom. On the right, an 'ORDER SUMMARY' table lists items and their prices, totaling ₱2,800.

ORDER SUMMARY	
Reworked Denim Jacket (S)	₱1,600
Reworked Graphic Tee (L)	₱600
Shipping	₱600
TOTAL	₱2,800

5. Checkout & Payment Flow

- Customer information form
- Payment method selection (e.g., COD, e-wallet, online payment)
- Order summary and confirmation screen

A screenshot of a web browser showing the '02. SHIPPING METHOD' page on the Revamp website. The page has a light gray background. At the top left is the 'Revamp' logo. At the top right are navigation links: 'Shop', 'About', 'Contact', 'Search', 'Account', and 'Cart (2)'. The main content area is a white box with a gray border. It has a title '02. SHIPPING METHOD' and three shipping options, each with a radio button, a description, and a price. The first option is 'STANDARD COURIER EXPRESS' for P100.00. The second is 'SAME-DAY / PRIORITY DELIVERY' for P250.00. The third is 'ECO-CONSCIOUS GREEN SHIPPING' for P80.00. Below these is a section for 'DELIVERY NOTES / INSTRUCTIONS (OPTIONAL)' with a text area and a 'CONTINUE TO PAYMENT' button at the bottom.

02. SHIPPING METHOD

☒ STANDARD COURIER EXPRESS JBL Express / Flash Express — Estimated delivery: 3 to 5 business days	P100.00
☐ SAME-DAY / PRIORITY DELIVERY Grab Express / Lalamove (Metro Manila Only) — Estimated delivery: 1 to 2 days	P250.00
☐ ECO-CONSCIOUS GREEN SHIPPING Consolidated carbon-neutral transit in upcycled poly-mailers — Estimated delivery: 5 to 7 days	P80.00

DELIVERY NOTES / INSTRUCTIONS (OPTIONAL)
e.g. Leave package with housemaid or gatekeeper

[CONTINUE TO PAYMENT]

6. Shipping Method

- Shipping options
- Delivery information section
- Estimated delivery time

A screenshot of the Revamp website's login and registration interface. The page has a light gray background. At the top left is the 'Revamp' logo. At the top right is a navigation menu with links: 'Shop', 'About', 'Contact', 'Search', 'Account', and 'Cart (2)'. The main content area contains two side-by-side forms. The left form is titled 'EXISTING MEMBER' and has fields for 'EMAIL ADDRESS' (with 'customer@gmail.com' entered) and 'PASSWORD' (with '*****' entered). Below the password field is a link 'Forgot Password?'. At the bottom of the form is a black button with white text '[LOGIN]'. The right form is titled 'CREATE ACCOUNT' and has fields for 'FULL NAME' (with 'John Doe' entered), 'EMAIL ADDRESS' (with 'customer@gmail.com' entered), and 'PASSWORD' (with 'Choose password' entered). At the bottom of the form is a black button with white text '[REGISTER]'. Below both forms is a small orange banner with a lock icon and the text 'SECURE ONE-KEY SSL ENCRYPTION - Your personal data and checkout information are fully encrypted and protected under strict privacy standards.'

7. Security & User Access

- Login and registration screens
- Password and account management layout
- Indicators of secure transactions (e.g., lock icons, notices)

Dashboard

Products

Orders

Customers

Settings

Order ID	Date	Customers	Status	Total
----------	------	-----------	--------	-------

8. Admin / Site Management (Wireframe Only)

- Admin dashboard layout
- Product management screens
- Order management screens

9. Additional Pages (Optional but Encouraged)

- User profile
- Order history
- Wishlist
- Help / Contact page
- Mobile or responsive wireframe version

Wireframe Tools

Wireframes may be created using tools such as:

- Figma
- Adobe XD
- Balsamiq
- Draw.io
- Pen-and-paper (must be clearly scanned or digitized)

Project Deliverables

- Complete wireframe (low-fidelity or mid-fidelity)
- Presentation (live walkthrough or slides) □
Brief documentation explaining:
 - User flow

Register/ Login > Home Page > Product Page >
Product Details > Add to Cart > Checkout >
Shipping > Payment

- Navigation structure
- Roles of each group member

Member	Role	Responsibilities
Juan Carlos Cruz	Project Leader	Project planning, documentation, coordination, final report
Amancio Jed Unay	UI/UX Designer	Wireframes, visual design, color palette, typography
Juan Carlos Cruz	Front-End Developer	Website structure, HTML/CSS planning, responsive layout
Aaron Castro	E-Commerce / Content Developer	Product information, categories, e-commerce features, user flow

Grading Rubric (100 Points Total)

Criteria	Excellent (A)	Good (B)	Satisfactory (C)	Needs Improvement (D/F)	Points
Completeness of Wireframe	All required pages and components included	Most required pages included	Several required pages missing	Many key pages missing	25 pts
Organization & Navigation Flow	Clear, logical, and intuitive user flow	Mostly logical with minor issues	Navigation flow somewhat confusing	Poor or unclear navigation	15 pts
Interface Design & Usability	Layout is intuitive and user-centered	Mostly user-friendly design	Basic usability with issues	Poor usability and layout	15 pts

E-Commerce Concept Understanding	Demonstrates strong understanding of e-commerce processes	Good understanding with minor gaps	Basic understanding	Limited or incorrect understanding	15 pts
Originality & Creativity	Highly original and well-thoughtout concept	Some creative elements	Minimal creativity	No originality	10 pts
Visual Clarity of Wireframe	Clean, readable, and well-labeled wireframes	Mostly clear with minor issues	Some clutter or unclear labeling	Very cluttered or unclear	10 pts
Presentation & Team Participation	Clear presentation; all members participate	Clear presentation; most participate	Uneven participation	Poor presentation	10 pts
Total					100 pts
